

# The Communications Industry Has Never Seen A Connection This Strong.

## Copperhead Reinforced Tracer Wire

Copperhead's reinforced Tracer Wire for Outside Plant applications combines the strength of hi-carbon steel with the conductivity and corrosion resistance of 100% copper wire.

The preferred choice for Outside Plant, Enterprise Private Networks (EPN) or Fiber to the Home (FTTH), supporting both carrier backbone and lateral installations.

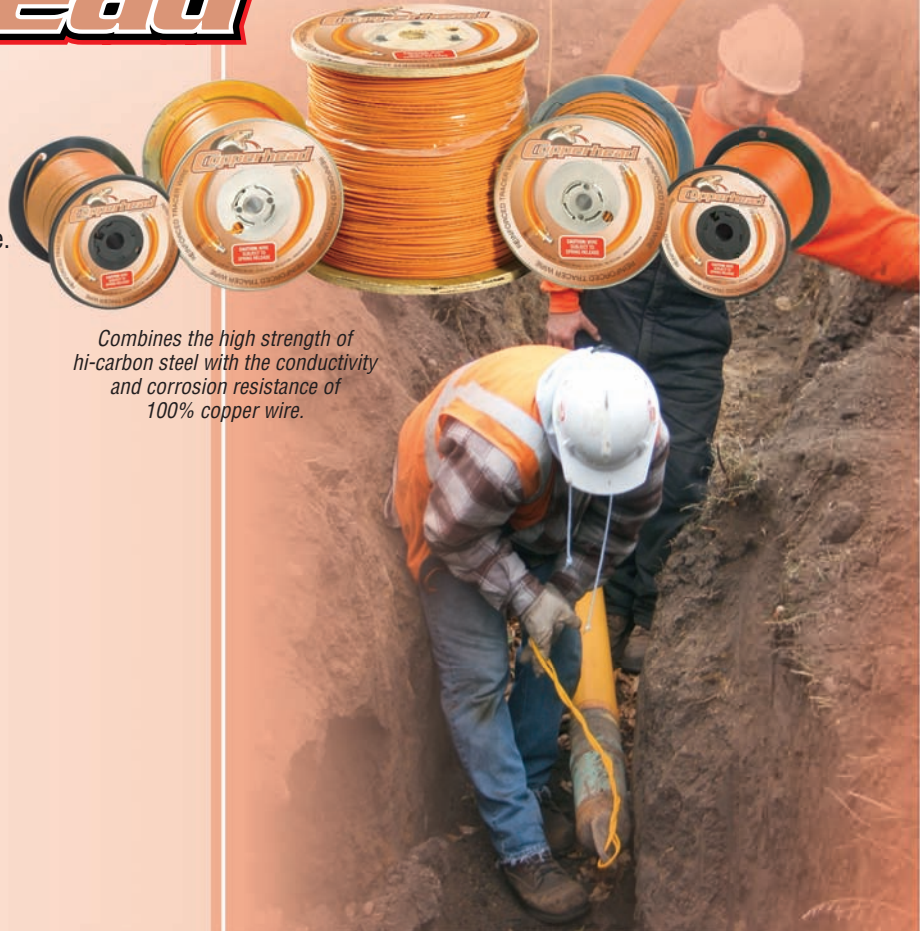

### If your underground placement calls for:

- Directional Boring
- Jack & Bore Placement
- Open Cut

Copperhead's reinforced tracer wire and its accessories deliver, first time every time!

### Experience the benefits:

- More durable, longer lasting performance
- Copperhead has twice the breaking strength of solid copper
- Reduced material costs
- More stable, longer term pricing
- Reduced threat of theft due to lack of after-market value
- Lighter weight, resulting in reduced shipping costs
- Fewer breaks during installation, fewer breaks over time

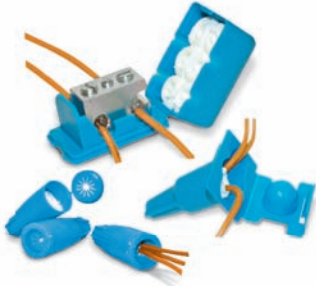

*Combines the high strength of hi-carbon steel with the conductivity and corrosion resistance of 100% copper wire.*

**SnakePit's exclusive Encapsulated Magnet System makes locating your access boxes easier by magnifying the ferromagnetic signal!**

- The only magnetized tracer box
- Anti-corrosion technology
- Insulated direct connection
- Color-coded cover means instant ID
- Locking cover eliminates tampering

### Copperhead High Strength Tracer Wire

part #	size	break load	coating thickness
1430N (orange) HS*	14awg	250 lb.	30ml
1230N (orange) HS*	12awg	380 lb.	30ml
1030N (orange) HS*	10awg	600 lb.	30ml

### Copperhead Soloshot Extra High Strength Tracer Wire

part #	size	break load	coating thickness
1245N (orange) EHS*	12awg	1150 lb.	45ml

\* 500, 1000, 2500 Indicates spool size

### SnakePit Magnetized Tracer Box

part #	
LD14N	Lite Duty
LDXL36N	Lite Duty-XL
LD14N-ADJ	Lite Duty-Adjustable
CD14N	Concrete Driveway
RB14N	Road Burial

### SnakeBite Connectors

part #	
SBC-01	Twist Connector, Blue
SBC-01SR	Twist Connector w/ strain relief, Blue
3WB-01	3 way Lug, Blue

### SnakeCharmers

part #	
SC-625	Snake Charmer w/ traverse of 6 1/4" (#12, #14)
SC-725	Snake Charmer w/ traverse of 7 1/4" (EHS, #10)
